Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 02 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Remaining settled and dry, with sunny spells.

This Evening and Tonight:
A dry night for all with the risk of fog patches reforming in the east. Skies remaining clear across western areas with an overnight frost likely. Chilly. Minimum temperature -2 deg C (28 deg F).

Wednesday:
Low cloud and fog gradually clearing in the east followed by sunny spells. Elsewhere plenty of sunny spells through the morning. Later in the afternoon cloud builds into the south. Maximum temperature 9 deg C (48 deg F).

Outlook for Thursday to Saturday:
Cloudier on Thursday with the odd spot of rain. Lengthy sunny spells on Friday and Saturday, but feeling colder with overnight frosts.
